■ Experience of working with WFK - Advisor

Yes  No

■ If yes, please describe the tasks of WFK - Advisor

**Description of Tasks \***

■ The tasks to be undertaken by the WFK - Advisor will be:

**Summary**

The Government of Reconciliation and National Unity of Nicaragua, has commissioned to its ministries and institutions with the assistance of the World Bank, to elaborate the National Plan of Water Resources (PNRH)<sup>1</sup>, that allows to establish an adequate management of the water resources, in order to ensure the Water supply, increase productivity through irrigation, industrial, hydroelectric development, and promote the sustainability of water resources. Within the context of the water goals committed in the National Human Development Plan.

Therefore, the government requires the knowledge of a specialist in water planning, who works full time in the advice and recommendations of the methodology used for the elaboration of the different products of the PNRH and working in the national office of the PNRH in ENACAL

■ Main duty of WFK - Advisor *(Please mark all that apply and type in detail)*

Policy making and Strategic planning

- Communicate and interact with all levels of local and international authorities and organizations involved, in order to advise the legal analysis work of the water resources sector in the country

Technical support

- To advise, in conjunction with international experts, the inter-institutional team within all project activities.

- Review information databases produced from the plan and propose improvements to them

<sup>1</sup> PNRH: acronym in Spanish PLAN NACIONAL DE RECURSOS HIDRICOS

**Propose improvements to the water balance methodology proposed in the Framework document for the development of the National Water Resources Plan.**

- To provide technical advisories and exchange of experiences

Training of local staff

- In the day-to-day work, transmit knowledge in water resources management in order to train the personnel involved for this purpose

Other

--

**Expected Results/Output**

■ Expected results/output of the tasks by the WFK - Advisor include:

- Advise the inter - institutional team at all stages of the National Water Resources Plan.
- Review, recommend and / or propose improvements to the methodology proposed for the determination of the national water balance.
- Create with national specialists a framework document of legal and inter-institutional aspects of the water sector, based on international experiences.
- Prepare a document with strategic projects, which will allow the implementation of the proposed actions, as results of the PNRH Document
